Education

VIT Bhopal University

B.Tech in Computer Science and Engineering

Sehore, India

Aug. 2023 - May 2027

Navayuga Radiance Senior Secondary School

Senior Secondary School CBSE: 79.4%

Lucknow, India

Apr. 2022 - May 2023

Lucknow Public School and Colleges

Secondary School ICSE: 97%

Lucknow, India

Apr. 2020 - May 2021

Relevant Coursework

Data Structures and Algorithms, Computer Networks, Object-Oriented Programming, Database Management Systems, Operating Systems

Projects

Study Companion App | [Link](#)

[Java, Firebase, Gemini API]

- Built an AI assistant using Gemini API (median response time of 393 ms) for answering study-related questions.
- Integrated To-Do List and Schedule Maker to help students stay organized and reducing task creating time by 30% through intuitive UI.
- Implemented Firebase Authentication for fast login (200 ms). Integrated Firestore DB for storing chat history and supporting 20000+ read/write per day.

DigiPIN App | [Link](#)

[Kotlin, Render, Google Maps]

- Forked and deployed the official DigiPIN API to Render, handling an average of 150 requests per day (avg. response time: 240ms).
- Integrated it into an app that allows users to generate a 10-digit DigiPIN of their current location and fetch coordinates for any given DigiPIN.

Project Synapse | [Link](#)

[Python, LangChain, Java]

- Engineered an AI-driven last-mile delivery disruption agent that cut operational costs by 10% by reducing the need for customer support interventions.
- The agent achieves 98% accuracy in predicting scenario and handles over 12 unique cases.
- Developed an Android native app for it integrating customer and delivery login in single app.

Extracurricular Activities

Open Source Contributor – OneBusAway (Open Transit Software Foundation) | [Link](#)

- Identified issues and proposed 10+ bug fixes on their GitHub repository.
- Fixed UI accessibility by increasing touch target sizes to a minimum of 48dp and improved contrast of widgets.

E-Cell VIT Bhopal | [Link](#)

- Developed a QR code-based attendance system for efficient entry of over 300 students and reducing check-in time by 15%.
- Led a team of 7 members ensuring smooth flow of the event. Maintained the website for event registration, handling over 300 registrations.

Achieved Knight Badge on LeetCode for a 1900+ contest rating.

Technical Skills

Languages/Frameworks: Java, Kotlin, Go, Android SDK, Jetpack Compose, MVVM, GoFiber, REST APIs

Cloud: AWS, Google Cloud Platform

Libraries: Retrofit, OkHttp, MySQL, Redis, Firebase, SQLite, Coroutines, Lottie
